## EASEMENT PROVISIONS

An easement for serving the subdivision and other property with electric and communications service is hereby reserved for and granted to

Commonwealth Edison Company

and

Illinois Bell Telephone Company, Grantee,

their respective successors and assigns, jointly and severally, to install, operate, maintain and remove, from time to time, facilities used in connection with overhead and underground transmission and distribution of electricity and signals in, over, under, across, along and upon the surface of the property shown within the dotted lines on the plat and marked "Easement", the property designated in the Declaration of Condominium and/or on this plat as "Common Elements", and the property designated on the plat as a "Common area or area", and the property designated on the plat for streets and alleys, whether public or private, together with the right to install required service connections over or under the surface of each lot and common area or area to serve improvements thereon, or on adjacent lots, and common area or areas, the right to cut, trim or remove trees, bushes and roots as may be reasonably required incident to the rights herein given, and the right to enter upon the subdivided property for all such purposes. Obstructions shall not be placed over grantees' facilities or in, upon or over the property within the dotted lines marked "Easement" without the prior written consent of grantees. After installation of any such facilities, the grade of the subdivided property shall not be altered in a manner so as to interfere with the proper operation and maintenance thereof.

The term "Common Elements" shall have that meaning set forth for such term in Section 20(a) of "An act in relation to condominiums" (Illinois Revised Statutes, Ch. 30, par. 302(e)), as amended from time to time.

The term "common area or areas" is defined as a lot, parcel or area of real property, the beneficial use and enjoyment of which is reserved in whole as an appurtenance to the separately owned lots, parcels or areas within the planned development, even though such be otherwise designated on the plat by terms such as "outlot", "common elements", "open space", "open area", "common ground", "parking and common area". The term "common area or areas" and "Common Elements" includes real property physically occupied by a building, Service Business District or structures such as a pool or retention pond, or mechanical equipment. Relocation of facilities will be done by Grantee at cost of Grantor/Lot Owner, upon written request.

An easement is hereby reserved for and granted to NORTHERN ILLINOIS GAS COMPANY, its successors and assigns, in all platted "Easement" areas, streets, alleys, other public ways and places shown on this plat, said easement to be for the installation, maintenance, relocation, renewal and removal of gas mains and appurtenances for the purpose of serving all areas shown on this plat as well as other property, whether or not contiguous thereto. No buildings or other structures shall be constructed or erected in any such "Easement" areas, streets, alleys, or other public ways or places nor shall any other use be made thereof which will interfere with the easements reserved and granted hereby.

EASEMENT PROVISIONS ALSO APPLY TO THE VARIOUS CABLE TELEVISION COMPANIES APPROVED BY THE CITY OF JOLIET.
